Preface

Statesville, N. C.

Statesville is located in the northwest section of Piedmont North Carolina. It has a population of 15,618 native born American people and has doubled its population with every census. This city is the most diversified in its manufacturing of any town in North Carolina, having 65 manufacturing plants making more than 80 articles. It is the county seat of Iredell County, one of the largest counties in this State. Statesville is the trading center of two or three counties which lie just north and to the west of its borders. This city has been twice designated recently by the State Board of Health as "the cleanest town in North Carolina." This is due largely to the fact that it is on the crest of a plateau and has excellent natural drainage in all directions, and is well paved with streets and sidewalks. Within the past two years the city has started another expansion program by adding on four new industries with brilliant prospects of taking on several more during the year 1928. The altitude is 960 feet, the mean temperature 58 degrees, and the annual rainfall is 55 inches. Statesville is located on the main line of the Southern Railway from Washington to Chattanooga, and also connected by railway with Charlotte and points south. It is on State Highway No. 10, known as the "Main Street of North Carolina," on State Highway No. 26, on the direct route known as the Great Lakes to Florida Highway, and also on State Highway No. 90. Nine paved roads lead out from it like the spokes in a wagon wheel. This city has two excellent hospitals, a woman's college, a fine graded school system, and all the necessary public utilities. It offers all the advantages of a large city with more ideal living conditions than a large city can supply. Manufacturers and home seekers are invited to get in touch with the Chamber of Commerce.

Putting the Out-of-the-way Business on the Main Street For a Few Dollars

The business that is up-stairs in some building or off the beaten trail can overcome its location—can put itself on the Main Street of Public Attention by advertising in the City Directory.

Your advertisement entitles you to be listed in heavy type under all of the classifications of your business in the new City Directory now being compiled. This makes your business **STAND OUT.** Thousands of people consult this buyers' guide every year.

Thus, for a very small sum you can be located on

The Main Street of your City Catalog

for a whole year.

Boost Your City

ADVERTISING PAYS

When you advertise in the directory you advertise your city as well.

This Directory is placed in libraries and with commercial organizations in various cities thruout the United States.

The City Directory is a complete index to your city and tells the story of its progress.

If your business is not listed as it should be, you are missing a golden opportunity, not only to increase your business but to promote the growth of your city as well.

The possibilities of the City Directory cannot be properly told in words.

HINTS FOR WISE MEN

☞Directory advertising and success of business are Siamese Twins.

☞$1.00 Bills for 50c would be a great bargain, but no more than Directory advertisements to progressive business men.

Know how to correctly spell a name before saying it is not in The Directory.

☞If you stood 1,000 men, who ought to buy your goods, in a row, you certainly would sell some of them. The City Directory puts them all in a ROW for you. Moral—advertise in your Directory.

☞Master minds of the Business World recognize advertising as the foundation stone upon which vast fortunes have been and still are being built. Your City Directory is one of the corner stones.

PRINTING

In Fact, Anything You Want in the Printing Line.
Our Aim Is Good Workmanship
and Prompt Service.

Ever since the day Ben Franklin revolutionized the world by his first sheet, fresh with printer's ink, the printing industry has come to the front by leaps and bounds. Today printing is an absolute necessity.
